Forecast for Thursday 25 May 2023

Weather: Any early mist or fog will soon clear to leave a fine and bright day with lengthy sunny spells, particularly during the late-morning. Some fair-weather cloud may bubble up during the afternoon, though still with some sunny breaks. Remaining dry into the evening with plenty of late sunshine. Feeling warm underneath the strong sunshine and light winds, with High UV levels.

Chance of cloud-free hill tops above 600m: 60% increasing quickly to greater than 90% during the morning.

Low cloud and visibility: Any early mist or fog may briefly cover slopes and hill tops as it lifts and clears through the morning. Cloud may increase through the afternoon, but will stay above all summits. Good to very good visibility, but briefly poor to very poor in early mist or fog.
